#### ERRATUM

**Markil Gregersen:** Lung weight in carbon monoxide deaths, p. 55. The first paragraph in the Summary p. 60 should read: Mital & Camps recently maintained that victims of rapid CO poisoning (*i. e.* mainly victims of suicide) have lower lung weights than victims of more slowly occurring CO poisoning (mainly victims of accidents).

**Markil Gregersen:** Peso pulmonar in morte ex monoxydo de carbon, p. 55. Le prime paragrapho del summario p. 60 debe leer se: Mital e Camps recentemente manteneva que victimas de veneficios de CO — quando illos superveni rapidamente como primariamente in suicidios — presenta un peso pulmonar *minor* que quando le invenenamento ocurre de manera plus protrahite (primariamente victimas accidental).
